Senior Learning Program Manager | Instructional Design | Enablement & Adoption

Learning and development leader who designs the training and runs the programs that deliver it — from course build and instructional design through LMS strategy, compliance, and reporting. 14+ years across corporate, beverage, fintech, and telecom, building learning that scales and bringing structure where none existed. Experienced in internal L&D and partner enablement, from employee onboarding to training authorized retail partners and building self-paced content used by external clients. Equal parts content creator and program operator, with a track record of measurable results — higher completion, faster onboarding, and training tied to business outcomes. Early adopter of AI in learning design, from AI-assisted content development to building AI tools for training delivery.

PROFESSIONAL EXPERIENCE

Tito's Handmade Vodka — Remote

Sr. Learning Program Manager, Full-Time — 12/2025 – Present

Sr. Learning Program Manager, Part-Time, Contract *(concurrent with Visa)* — 05/2025 – 11/2025

Instructional Designer, Part-Time, Contract *(concurrent with Visa)* — 10/2024 – 04/2025

- Built 40+ courses supporting onboarding, compliance, and ongoing development across the organization, incorporating AI tools to accelerate content development.
- Lead LMS strategy and maintain the organization's full course catalog, overseeing accessibility, content currency, and learner experience across all departments.
- Redesigned a one-size-fits-all compliance program into department-based training plans with the safety team, eliminating duplicate enrollments, setting a training schedule, and coaching managers to track their teams, improving on-time completion over two years.
- Established a learning-reporting practice for leadership, migrating historical certification records into the LMS and building custom Excel reports and dashboards that give managers visibility into recertification deadlines, regulatory compliance, and employee development.

Visa — Hybrid — Washington, D.C.

Sr. Consultant, Training & Development *(concurrent with Tito's)* — 08/2024 – 12/2025

- Onboarded 14 consultants globally across multiple countries and time zones, delivering new hire training for the Risk Solutions Services team.
- Supported the training program for the Decision Manager product, developing materials for both internal employees and external clients.
- Partnered across business units to upskill new and existing product managers, connecting product teams with consultants to improve implementation and product understanding.
- Designed and began building an AI agent for onboarding role-play practice, and used AI to streamline content development.

Southwest Airlines — Hybrid — Dallas, TX

Learning Developer, TechOps — Intern — 05/2024 – 08/2024

- Built 8 Articulate Rise courses for supervisors conducting audits across 100+ stations, plus a quarterly feedback survey to source content improvements.

ProService Hawaii — Remote

Instructional Designer, Contract *(concurrent with Southwest)* — 05/2024 – 08/2024

- Designed consultation-skills training for staff guiding clients through a payroll and HR platform migration, including a de-escalation framework, 5 client personas, and a 4-phase implementation roadmap.

Outdoorsy — Remote

Learning Development Consultant, Contract — 01/2024 – 05/2024

- Led e-learning conversion from Absorb to Articulate Rise, building 22 new courses and redesigning the 2024 new hire curriculum — raising trainee success rate from 76% to 86% year-over-year.

- Delivered seasonal high-volume customer service onboarding for 105 new support agents across a February–May hiring surge.
- Built a performance-tracking system in Google Sheets measuring engagement, knowledge-check scores, and role-play activities, used to determine which new hires advanced into their roles.

T-Mobile Maryland / DC / Virginia / Delaware — 07/2011 – 11/2023

Field Training Manager 12/2022 – 11/2023

DEI Chapter Lead, Maryland/Delaware 03/2021 – 11/2023

Senior Sales Trainer 04/2020 – 12/2022

District Trainer *(Sprint, pre-merger)* 01/2019 – 04/2020

Retail Associate Manager 03/2017 – 12/2018

Mobile Expert 07/2011 – 03/2017

- Certified 111 new hires on schedule as Field Training Manager while supporting 5 training store managers across 3 territories (MD, DC, VA).
- As District Trainer, Senior Sales Trainer, and Field Training Manager, trained 100+ employees, store managers, senior managers, and directors across MD, DE, VA, and DC on new rate plans, device launches, and promotions through store visits and new hire classes, using talk tracks and competitor-comparison role-plays to build objection handling.
- Co-led delivery of 52 micro-trainings completed company-wide across the East US region; onboarded 2 new trainers to expand reach into 2 additional regions.
- Built a hybrid onboarding process during COVID-19 that met CDC and company 90-day requirements, onboarding 20+ new hires across multiple locations in one month.
- Led transition from legacy training to Adobe Connect, running train-the-trainer sessions for 24 regional trainers and increasing territory net promoter score by 24%.
- Enabled authorized retail partners: trained blended new hire classes of Sprint employees and authorized-retailer staff, and, through the RAMP stretch assignment, coached authorized-retailer stores on customer experience and T-Mobile standards.
- Led the Maryland/Delaware DEI chapter — setting annual strategy, building and managing the council, and running community programming including a school supply drive benefiting 3 schools.

SELECTED PROJECTS

- Designed and built a learning design portfolio site with Claude, including interactive pieces, an About page, and a Lab page; published on GitHub Pages.
- Built interactive learning widgets with Claude for a self-directed gin-knowledge practice course and a course submitted to the iSpring course contest (Spring 2026).
- Designed an autonomous-driving course using Claude Design.
